BMW 5 series , 2024

BMW 5 Series 523d xDrive M Sport – 03/2026

Safety and Assistance Systems:
This diesel-powered 5 Series sedan is equipped with essential safety features, including an anti-lock braking system (ABS), multiple airbags, and power steering (PS) for confident handling in all driving conditions. The built-in navigation system ensures safe and accurate route planning, while the onboard TV and camera systems assist with parking and maneuvering.

Comfort and Multimedia:
The vehicle features automatic air conditioning (AC) to maintain a comfortable cabin temperature. Power windows (PW) and a multimedia system with TV and navigation functions enhance both convenience and entertainment during any journey.

Interior and Seats:
The interior is styled with premium materials, including comfortable leather seats that offer both elegance and support. A user manual and warranty documentation are included, reflecting the car’s well-maintained condition.

Exterior:
Finished in a clean and elegant white, this 5 Series sedan showcases a modern and confident design. Alloy wheels (AW) add a sporty touch to the exterior. The 2.0-liter diesel engine delivers a strong balance of performance and fuel efficiency.
