Overview
The BMW M5 06/2025 represents the latest evolution of BMW’s iconic high-performance sedan, combining electrified power with cutting-edge luxury and technology. %READMORE% Finished in Black Sapphire Metallic and equipped with an M carbon roof and premium Bowers & Wilkins sound system, this model delivers an exceptional balance of performance, innovation, and executive comfort.

Performance
Powered by a 4.4-liter hybrid V8 engine paired with an 8-speed automatic transmission and BMW’s advanced 4WD system, the new M5 offers remarkable acceleration and enhanced efficiency. The M-specific chassis tuning, performance brakes, and precise steering ensure dynamic handling worthy of the M badge.

Interior and Technology
The cabin features brown genuine leather seats with heating and ventilation, a modern curved display, and a Head-Up Display for driver-focused information. The Bowers & Wilkins premium sound system elevates the in-car experience, while advanced connectivity and navigation systems provide seamless usability.

Safety and Assistance
Equipped with adaptive cruise control, Lane Keep Assist, collision mitigation braking, blind spot monitoring, rear traffic alert, and a comprehensive 360-degree camera system, the M5 ensures maximum confidence and safety in all driving conditions.

Exterior
The Black Sapphire Metallic finish enhances the aggressive yet refined design of the new M5. The M carbon roof, aerodynamic body kit, adaptive LED headlights, and performance wheels complete its bold and commanding presence on the road.
