

Aston Martin DBS , 2023

Aston Martin DBS 2023

Safety and Security: The vehicle is equipped with a **dual-stage driver and front passenger airbag system**, **ABS (Anti-lock Braking System)**, **Dynamic Stability Control (DSC)**, **Dynamic Torque Vectoring (DTV)**, **Electronic Brakeforce Distribution (EBD)**, **Emergency Brake Assist (EBA)**, **Hydraulic Brake Assist (HBA)**, and **Electronic Park Brake (EPB)**. The **Aston Martin Tracking System** provides enhanced security, while **Traction Control (TC)** ensures stability and grip on various road surfaces.

Comfort and Interior: The cabin features a **monotone interior design** with **Onyx Black primary leather**, **contrast stitching (Welt in contrast color)**, and **Satin Chopped Carbon Fibre trim inlays**. The **headlining is finished in colored Alcantara**, and **black full leather seats** provide a luxurious feel. The **16-way electric front seats with memory function** ensure maximum comfort and personalization. Additional features include a **sports leather steering wheel**, **heated sports plus seats**, **an umbrella with a dedicated holder**, and **automatic temperature control**.

Exterior: The **Seychelles Blue metallic exterior** is complemented by **21-inch 10 Twinspoke Forged Shadow Chrome alloy wheels**, **Gloss 2x2 Twill Carbon Fibre Upper and Lower exterior packs**, and a **matte black quad exhaust system**. Other notable details include a **gloss black side louvre**, **black enamel wing badging**, and **smoked tail lights** for a sleek, aggressive look. **Aston Martin Chrome badges and all scripts** enhance the vehicle's signature aesthetic.

Performance: The **Carbon Ceramic Braking System** ensures excellent stopping power, while **Positive Torque Control (PTC)** enhances handling dynamics. The **Electric Power-Assisted Steering (EPAS)** provides precise control and responsiveness.

Technology and Multimedia: The DBS is equipped with **Aston Martin's Premium Audio System**, **DAB and AM/FM radio**, and a **satellite navigation system**. Other tech highlights include a **360-degree parking camera**, **blind spot monitoring**, **front and rear parking sensors**, **park assist**, and a **tire pressure monitoring system (TPMS)**.

Lighting: The **full LED daytime running lights (DRLs)** and **smoked LED tail lights** ensure high visibility and a distinctive road presence.
