Overview
The **BMW iX2 xDrive30 M Sport 09/2024** is a dynamic all-electric SUV that combines BMW’s sporty M styling with advanced electric performance and premium comfort. %READMORE% Finished in Alpine White with M Sport enhancements and equipped with the Highline Package, this model delivers a refined yet athletic driving experience backed by a certified 2-year warranty.

Electric Performance & Driving Dynamics
Powered by BMW’s dual-motor xDrive all-wheel-drive system, the iX2 offers instant torque, smooth acceleration, and confident traction in various driving conditions. The low center of gravity from the battery placement ensures stable handling and precise cornering, maintaining BMW’s signature driving dynamics.

Interior & Comfort
The cabin features premium Vernasca black leather seats, heated front seats, and power seat adjustment for enhanced comfort. The Highline Package and Harman/Kardon audio system elevate the interior ambiance, while wireless charging and advanced connectivity create a modern, tech-forward environment.

Technology & Safety
Equipped with Driving Assistant Professional, Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking, Blind Spot Monitoring, and a Top View 360° camera system. Adaptive LED headlights enhance nighttime visibility, and comprehensive parking assistance systems make city driving effortless.

Exterior
The M Sport package enhances the athletic character with distinctive styling elements and sporty alloy wheels. The Alpine White exterior highlights the bold, coupe-inspired SUV silhouette, giving the iX2 a modern and confident road presence.
