Ford Mustang , 2023

Ford Mustang Mach 1 6MT – 04/2023

Exterior
This Ford Mustang Mach 1 is finished in **Gray**, emphasizing its aggressive muscle car design and aerodynamic performance package. The bold coupe styling is enhanced with **LED headlights**, **front fog lamps**, and **aluminum wheels**, reflecting its track-inspired character while maintaining road presence.

Performance and Driving Dynamics
Equipped with a **5.0-liter V8 petrol engine** paired with a **6-speed manual transmission (6MT)**, the Mach 1 delivers exhilarating performance with precise driver engagement. The rear-wheel drive layout ensures pure sports car dynamics, while advanced suspension tuning enhances both track performance and daily driving.

Interior and Comfort
Inside, the Mustang Mach 1 offers a driver-focused cockpit with **genuine leather sport seats**, **electric adjustments** for added comfort. The ergonomically designed cabin features **SYNC3 infotainment** with **Apple CarPlay/Android Auto**, premium audio integration, and intuitive controls that enhance both performance driving and everyday usability.

Technology and Safety
This model is well-equipped with modern safety and convenience features, including **ABS**, **cruise control**, **collision mitigation system**, **anti-skid and anti-theft devices**, as well as **airbags for driver, passenger, side, and curtain**. Additional highlights include a **rear-view camera**, **obstacle sensors**, **smart key access**, and **power windows**.
