Audi RS6 , 2024

Audi RS6 Avant Carbon Black 2024

Safety Equipment: The vehicle is equipped with driver and front passenger airbags, front and rear side airbags, a head airbag system, and extended pedestrian protection measures. It includes Audi Pre-Sense Front, an Anti-Lock Braking System (ABS), an electromechanical parking brake, and ISOFIX child seat mounting with a front passenger airbag deactivation function. The anti-theft alarm system features tow-away protection for added security.

Comfort Equipment: The cabin features electrically adjustable front seats with a memory function for the driver’s side, a 4-way electric lumbar support, heated front seats, and seat ventilation. The deluxe 4-zone automatic climate control system ensures personalized comfort. Additional features include the Air Quality Pack, a power-operated tailgate, and an extended LED interior lighting package with multi-colored ambient lighting.

Interior: The interior is finished with Carbon Twill inlays and an RS Design Package in Grey. It includes a black cloth headliner, a leatherette upper instrument panel and door shoulders, an auto-dimming frameless rearview mirror, and a front center armrest. The illuminated door sill trims feature the RS logo, while the pedals and footrest are made of stainless steel. Storage solutions are enhanced with the included storage package.

Exterior: The car is painted in Black and comes with the Carbon Black Styling Pack. It features 22-inch alloy wheels with a black gloss turned finish, black mirror housings, and RS-specific bumpers with large front air inlets and a gloss black rear diffuser. Additional exterior elements include a radiator protective grille in a honeycomb structure, a body-colored RS rear spoiler, wheel arch extensions, and privacy glass. The door mirrors are electrically folding, adjustable, and heated, with integrated LED side indicators and a kerb-view function for the passenger side.

Performance: Equipped with quattro all-wheel drive with a sports differential, RS-air suspension with 4-corner electronic shock absorption control, and dynamic all-wheel steering, the RS6 delivers an engaging driving experience. The RS steel brakes feature black calipers for high-performance stopping power.

Technology and Multimedia: The vehicle is fitted with MMI Navigation Plus, Audi Virtual Cockpit with an RS-specific design and a 12.3-inch display, and an Audi Drive Select system with an efficiency mode. It supports Apple CarPlay and Android Auto,

voice control, and a camera-based traffic sign recognition system. Additional features include a cruise control system with a speed limiter, a rear-view camera, and a direct tire pressure monitoring system.

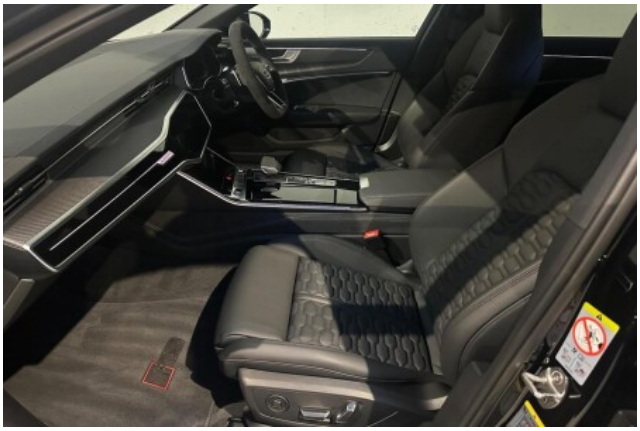

Driver Assistance Systems: The RS6 includes lane departure warning, collision avoidance assistance, parking assistance, and an adjustable speed limiter. The HD Matrix LED headlamps with Audi Laser Light provide superior illumination, while the LED rear combination lamps feature a dynamic light design with a dynamic turn signal.
