Honda ZR-V , 2024

Honda ZR-V X 1.5L Turbo 2WD – 09/2024

General Overview
The **Honda ZR-V X** represents a modern approach to compact SUVs, blending sleek styling with everyday practicality and advanced technology. Finished in **Black**, this 2024 model delivers a strong road presence with refined design elements, offering comfort, versatility, and efficiency for both city and highway use.

Performance and Driving Dynamics
Powered by a **1.5-liter turbocharged petrol engine producing 182 horsepower**, the ZR-V ensures responsive acceleration and smooth performance. Paired with an **automatic transmission** and **2WD system**, it offers excellent fuel efficiency and stable handling, making it an ideal companion for urban commutes and longer journeys.

Interior and Comfort
The cabin is designed for comfort and practicality, featuring **5 seats** with **half-leather upholstery**, a **smart key system**, and **power-adjustable driver's seat functions**. With its ergonomic layout and premium materials, the ZR-V provides a refined and enjoyable driving experience.

Technology and Safety
Equipped with **Honda SENSING**, this model includes **adaptive cruise control, lane-keeping assist, collision mitigation braking, and blind spot monitoring (BSI)** for comprehensive driver assistance. A **10-inch navigation system**, TV tuner, and full smartphone integration enhance convenience and connectivity, while a **rearview camera** ensures safe maneuvering.
