Honda S660 , 2022

Honda S660 Alpha – 04/2022

General Overview:
A compact and sporty Japanese kei-class roadster in **Premium Star White Pearl**, the Honda S660 Alpha offers an engaging open-top driving experience with a mid-engine layout. Produced in April 2022, this two-seater blends unique styling, agile handling, and everyday usability.

Performance:
Equipped with a **660 cc turbocharged 3-cylinder petrol engine** (S07A), producing **64 horsepower** in compliance with kei car regulations. Power is delivered to the rear wheels through a **6-speed manual transmission (M/T)**, ensuring an engaging and responsive drive. The mid-engine, rear-wheel drive (MR) layout provides excellent weight distribution and handling balance.

Interior & Features:
The Alpha grade features premium touches such as leather and Ultrasuede seats, leather-wrapped steering wheel, keyless entry, push-button start, automatic air conditioning, and heated seats. Infotainment and comfort features include navigation, TV, Bluetooth, and audio controls on the steering wheel.

Safety & Assistance:
Equipped with ABS, electronic stability control, collision mitigation braking, lane-keeping assist, and a full set of airbags. Additional features include a rear-view camera, parking sensors, and LED lighting.
