Subaru Stella , 2021

Subaru Stella Custom R Smart Assist – 03/2021

Exterior:
The **2021 Subaru Stella Custom R Smart Assist** is a stylish and practical kei car with enhanced design details compared to the base model. Its compact dimensions — **3.395 meters** in length, **1.475 meters** in width, and **1.630 meters** in height — make it ideal for dense urban environments. This Custom R trim features a sportier front bumper with a chrome-accented grille, full LED headlights, LED taillights, and factory-fitted **14-inch aluminum wheels** for a more dynamic presence. Rear privacy glass and subtle aero elements further differentiate it from the standard version.

Performance and Efficiency:
Under the hood, the car is powered by a 660 cc inline 3-cylinder naturally aspirated petrol engine (KF), delivering **52 horsepower (38 kW)** at 6,800 rpm and **60 Nm** of torque at 5,200 rpm. It’s equipped with a **CVT automatic transmission** and **2WD (front-wheel drive)**, delivering excellent fuel economy of **3.6–4.0 L/100 km**, ideal for city driving and low-cost operation.

Interior and Features:
The cabin is well-equipped and refined for a kei car. The Custom R variant includes **push-button start**, **keyless entry**, **full auto climate control**, and **plush black upholstery** with metallic interior accents. A **touchscreen infotainment system** with **Bluetooth connectivity**, **CD/DVD player**, **USB port**, and **satellite navigation** is included. The seats are heated, and there’s a **multifunction steering wheel**, **auto-retractable mirrors**, **idle stop system**, and **interior LED illumination**, enhancing comfort and usability.
