

BMW X3 , 2025

BMW X3 M50 xDrive 4WD - 01/2025

Exterior:

The 2025 BMW X3 M50 xDrive is a high-performance luxury SUV that reflects the M division's aggressive styling and dynamic character. It features a bold double-slat kidney grille with M badging, adaptive LED headlights, aerodynamic front and rear bumpers, and quad tailpipes. 20-inch M light-alloy wheels and pronounced side skirts add to its sporty, confident stance, while subtle M details throughout the exterior emphasize its performance pedigree.

Performance and Efficiency:

Powered by a **3.0-liter inline-6 turbocharged petrol engine**, the X3 M50 xDrive produces **381 horsepower (280 kW)** and **580 Nm of torque**. It incorporates a **48-volt mild hybrid system (MHEV)** that delivers up to 17 hp of additional boost during acceleration, enhancing throttle response and fuel efficiency. The SUV is equipped with an 8-speed Steptronic sport automatic transmission and BMW's intelligent all-wheel-drive system (xDrive), achieving 0–100 km/h in about 4.6 seconds. Combined fuel consumption is approximately 8.5–9.0 L/100 km.

Interior and Features:

Inside, the X3 M50 offers a premium cabin with M-specific sport seats, Vernasca leather upholstery, aluminum trim, and a newly curved BMW display. The dual-screen setup includes a 12.3-inch digital instrument cluster and a 14.9-inch central infotainment screen running iDrive 8.5. Standard features include a panoramic sunroof, heated front seats, ambient lighting, a Harman Kardon sound system, and wireless Apple CarPlay and Android Auto. The luggage capacity ranges from 550 to 1,600 liters, providing both comfort and practicality.

Technology and Safety:

The X3 M50 xDrive is equipped with an advanced safety and assistance package that includes adaptive cruise control, lane keeping assist, blind spot detection, front collision warning with automatic emergency braking, and a 360-degree camera system. Parking assistance, keyless entry, wireless charging, and head-up display enhance everyday convenience. The mild hybrid system also improves stop-start transitions and supports energy recuperation during braking, making the SUV both dynamic and efficient.

Specifications:

ID: RFF-118

Final Price: 82500.00 EUR
