

BMW XM , 2024

BMW XM 4.4 4WD - 11/2024

Exterior:

The **2024 BMW XM Base** presents a bold and unmistakable design, standing out as the first standalone M model since the iconic M1. It features an imposing illuminated kidney grille, split LED headlights, muscular sculpted bodywork, and black high-gloss trim details throughout. 23-inch alloy wheels, quad-stacked exhaust tips, and an aggressive rear diffuser highlight the SUV's performance-oriented stance, while gold accents and M-specific details emphasize exclusivity.

Performance and Efficiency:

Under the hood, the XM is powered by a **4.4-liter twin-turbocharged V8 petrol engine** paired with an **electric motor**, producing a combined **653 horsepower (480 kW)** and **800 Nm of torque**. This plug-in hybrid setup (PHEV) uses an **8-speed M Steptronic automatic transmission** and **M xDrive all-wheel drive** system. Acceleration from 0 to 100 km/h takes **4.3 seconds**, and the **25.7 kWh battery** provides up to **83 km of electric-only driving** (WLTP), with fuel consumption rated around **1.6 L/100 km** and CO₂ emissions as low as **36 g/km**.

Interior and Features:

Inside, the XM offers a luxurious cabin blending M performance with high-end comfort. It comes with **Merino leather upholstery**, **sculpted ambient lighting**, and a distinctive **3D-effect headliner**. The BMW Curved Display combines a **12.3-inch digital instrument cluster** and **14.9-inch central touchscreen** with **iDrive 8.5**. Features include **heated and ventilated seats**, **four-zone climate control**, **Harman Kardon surround sound**, **panoramic roof**, and **wireless Apple CarPlay/Android Auto**. The second row is configured for spacious comfort, emphasizing long-distance capability.

Technology and Safety:

BMW's latest driver assistance suite is standard, including **adaptive cruise control**, **lane keeping assist**, **blind spot monitoring**, **360° cameras**, and **automatic parking assistant**. The plug-in hybrid system allows silent electric driving in cities, while over-the-air updates and connected features ensure the XM remains up-to-date and user-friendly. Combining high-performance capabilities with electric flexibility, the XM sets a new benchmark for electrified luxury SUVs.
