BMW 5 Series Touring 523d xDrive Exclusive (Diesel Turbo, 4WD) - 08/2024

Safety and Assistance Systems:

This 5 Series Touring model is equipped with BMW's xDrive all-wheel-drive system, enhancing traction and stability across various driving conditions. Advanced safety features include an anti-lock braking system (ABS), multiple airbags, and a panoramic view monitor that provides a comprehensive view around the vehicle, aiding in parking and maneuvering. Lane change assist and adaptive LED headlights further contribute to a secure and confident driving experience.

Comfort and Multimedia:

The vehicle offers a luxurious driving experience with features such as a Harman Kardon premium sound system, providing high-quality audio throughout the cabin. The interior is equipped with a glass sunroof, adding to the sense of openness and comfort. Automatic climate control (AAC) ensures a pleasant cabin environment, while power windows (PW) and a power tailgate enhance convenience.

Interior and Seats:

Inside, the 523d xDrive Exclusive features elegant brown leather seats that offer both comfort and sophistication. The ergonomic design of the cabin provides ample space and thoughtful layout, making it ideal for daily commutes and long journeys alike. Heated and ventilated seats further enhance passenger comfort, regardless of the weather conditions.

Exterior:

Finished in Phytonic Blue Metallic, the 5 Series Touring presents a sleek and refined appearance. The 19-inch alloy wheels (AW) add a sporty touch, while the 2.0-liter diesel turbo engine delivers robust performance and efficiency. The vehicle's design combines practicality with BMW's signature sporty edge, making it a standout choice in the station wagon segment.
