

# Genesis G70 , 2023

## Genesis G70 Sedan

**Safety and Driver Assistance Systems:** The vehicle is equipped with Forward Collision-Avoidance Assist (FCA) with pedestrian and bicycle detection, Rear Blind-Spot Collision-Avoidance Assist (BCA), Lane Keeping Assist (LKA), Lane Following Assist (LFA), Highway Drive Assist (HDA), and Smart Cruise Control (SCC) with stop-start functionality. Additional features include a Rear View Camera with dynamic guidelines, rear parking sensors, and a Tyre Pressure Monitoring System (TPMS).

**Comfort and Interior:** The cabin features a premium leather interior with a perforated leather-wrapped steering wheel, metal pedals, and soft-painted interior trim. The 8-inch digital instrument cluster provides essential driving information, while the front seats offer electric adjustment with lumbar support and a heating function. The dual-zone climate control system ensures passenger comfort, and additional convenience features include a rain sensor, electrochromatic rearview mirror, and a power-operated rear tailgate.

**Exterior:** The model comes in a striking Blue finish, complemented by 19-inch Dark Sputtering alloy wheels (Design B). The vehicle features a Sport Appearance Package, a chrome upper radiator grille, dual mufflers, body-colored outside door handles, and laminated front side glass for improved noise insulation. Rear privacy glass and a solar backlight enhance both aesthetics and functionality.

**Performance:** The Genesis G70 is equipped with an electronically controlled suspension (ECS), a Limited Slip Differential (LSD), Brembo premium brakes, and an Intelligent Speed Limit Assist (ISLA). These features contribute to improved handling, safety, and a dynamic driving experience.

**Technology and Multimedia:** The vehicle comes with a 10.25-inch infotainment system that supports DAB radio, Bluetooth connectivity with voice control, Genesis Connected services, and phone mirroring. It includes a premium audio system with front and rear speakers, as well as multiple USB charging ports for added convenience.

**Lighting:** Equipped with dual front LED headlights, LED daytime running lights (DRLs), LED rear combination lamps, LED rear fog lamps, and puddle lamps with logo projection for a sophisticated touch.
