

Hyundai Kona Electric , 2023

Hyundai Kona Lounge (Electric) - 11/2023

General Overview:

The 2023 Hyundai Kona Lounge, presented in a crisp **White** finish with a two-tone roof, is a next-generation all-electric crossover that brings together futuristic design, high-tech features, and impressive urban functionality. As a standout in the compact EV class, the Lounge trim delivers premium comfort and advanced safety while remaining agile and efficient for city and highway use.

Performance and Efficiency:

This electric version of the Kona Lounge is powered by a **fully electric motor** delivering a powerful **204 horsepower** and instant torque, ensuring brisk acceleration and silent, smooth driving. Paired with a single-speed automatic transmission and front-wheel-drive layout, it offers a refined and responsive driving experience. Regenerative braking and various drive modes help optimize efficiency, while adaptive cruise control contributes to relaxed long-distance cruising.

Interior and Features:

The interior of the electric Kona Lounge is modern and intuitive, offering a **digital driver's cluster**, large central touchscreen, and support for **wireless Apple CarPlay and Android Auto**. High-quality materials, automatic climate control, and excellent cabin insulation create a premium driving environment. The Lounge trim also features a **360-degree all-around camera**, providing excellent visibility for tight urban spaces and parking.

Safety and Assistance Systems:

Hyundai's SmartSense suite ensures top-tier safety with features such as **forward collision-avoidance assist, lane keeping assist, blind-spot monitoring**, and **rear cross-traffic alert**. Combined with adaptive cruise control and multiple airbags, these systems promote confident, secure driving under all conditions.

Exterior Design:

Bold yet clean, the Kona Electric Lounge features **LED lighting**, distinctive body lines, and a **sleek two-tone roof** that enhances its contemporary style. Aero-optimized alloy wheels and minimalistic front fascia accentuate the EV identity, while the White exterior finish emphasizes its modern, tech-forward character.
