

Jeep Compass , 2021

Jeep Compass Limited 4WD - 03/2021

General Overview

The **Jeep Compass Limited 4WD** is a stylish compact SUV that combines premium equipment with rugged versatility. Finished in **Exotica Red Clear Coat**, it delivers a commanding presence on the road, highlighted by **genuine 18-inch aluminum wheels** and **roof rails** that add both functionality and design appeal.

Performance and Driving Dynamics

This model is powered by a **2.4-liter petrol engine** producing around **175 horsepower**, paired with a **4WD system** that ensures dependable traction and stability across varying road conditions. Advanced features such as **collision mitigation braking**, **cruise control**, and **auto headlights** provide a confident and effortless driving experience, whether in the city or on longer journeys.

Exterior Design

The Compass Limited boasts a modern and athletic design, enhanced with **LED headlights** and distinctive SUV styling. The strong proportions and premium finish emphasize its adventurous spirit while maintaining urban sophistication.

Interior and Comfort

Inside, the cabin offers practicality blended with premium features. Highlights include a **genuine navigation system**, **Bluetooth connectivity**, **USB connection**, and **Full-seg TV** for entertainment and convenience. The addition of a **rear-view camera** and **dashcam** provides extra peace of mind in everyday driving.

Technology and Safety

Equipped with Jeep's advanced safety systems, the Compass ensures protection and support on every journey. Features such as **obstacle sensors**, **multiple airbags**, and **collision mitigation braking** combine with modern driver aids to enhance both safety and convenience. The optional **Alpine premium sound system** completes the package, delivering an elevated in-car experience.
