Lamborghini Urus , 2022

Lamborghini Urus 4.0 V8 BiTurbo – 02/2022

General Overview:
The **2022 Lamborghini Urus 4.0 V8 BiTurbo** is a luxury performance SUV that combines incredible power with unparalleled sophistication. Released in **02/2022**, it features an aggressive and dynamic design, powerful engine performance, and an array of luxury features. The vehicle is built to offer both thrilling performance on the road and comfort for everyday driving.

Performance and Efficiency:
The **Urus 4.0** is powered by a **4.0-liter V8 BiTurbo engine** that produces **650 horsepower** and **850 Nm of torque**, delivering exceptional performance. This powerhouse accelerates from **0 to 100 km/h in just 3.6 seconds**, making it one of the fastest SUVs in its class. It features **electromechanical power steering** for precise handling, and the **carbon ceramic brakes with yellow painted brake calipers** provide outstanding stopping power. The **Urus 4.0** offers off-road capabilities with its **Offroad Modes**, ensuring stability and control on a variety of terrains.

Interior and Features:
Inside, the **Urus 4.0** boasts a luxurious and tech-focused cabin. It features **Elegante Leather - Terra Asia Vintage** upholstery, **full electric front seats** with **ventilation and massage**, and **heated front and rear seats** for ultimate comfort. The **multi-function heated steering wheel with suede inserts** adds to the sporty and premium feel. The **Bang and Olufsen Advanced 3D Audio System** ensures an unparalleled sound experience, while the **electric panorama roof** and **ambient light package** enhance the overall ambiance. The **style package** with **body color accents** and **wheel arches in body color** adds an extra touch of exclusivity.

Safety and Driver Assistance:
The **Urus 4.0** is equipped with **advanced driver assistance systems**, including the **Voice Activating System** for phone and navigation control. The **Parking Assistant Package** with a **top view camera** ensures easier parking and maneuvering in tight spaces, while the **electrically adjustable, heated, and folding door mirrors** add to the vehicle's functionality and convenience.

Exterior Design:
The **2022 Lamborghini Urus** features a bold exterior design with **21-inch alloy wheels** finished in **Alcione Silver** and an upgraded **23-inch alloy wheels - Taigete**

Shiny Black with Arancio Argos Colour Accent Rims. The **high gloss black rear diffuser**, **door inserts**, and **front splitter** in **high gloss black** enhance the vehicle's aggressive stance. The **LED headlights** and **daytime running lights** ensure excellent visibility, while the **high gloss black details** provide a striking contrast to the vehicle’s overall appearance.
