

Lamborghini Urus , 2020

Lamborghini Urus 4.0 - 12/2020

General Overview:

The **2020 Lamborghini Urus 4.0** is a high-performance luxury SUV combining power, elegance, and cutting-edge technology. With its sleek, aggressive design and innovative features, the Urus stands out in the luxury SUV market. Released in December 2020, this model continues Lamborghini's legacy of producing cars that offer extreme performance and exceptional comfort, making it a top choice for performance enthusiasts seeking a dynamic driving experience.

Performance and Efficiency:

The **Lamborghini Urus** is powered by a **4.0-liter V8 turbocharged engine**, producing **641 horsepower** and **850 Nm of torque**. This powerhouse accelerates from **0 to 100 km/h in just 3.6 seconds**, offering exhilarating performance. The SUV is equipped with **electromechanical power steering**, ensuring precise handling and **carbon ceramic brakes** for outstanding stopping power. The **Urus** combines impressive performance with efficiency, offering a smooth ride across various terrains.

Interior and Features:

Inside the **Urus 4.0**, the cabin is designed with **luxury and sportsmanship** in mind. Features like **Alcantara headlining**, **leather seats**, and **Vernasca leather upholstery** offer an exceptional feel. The vehicle is equipped with a **12.3-inch digital instrument cluster**, providing all necessary driving information. The **iDrive 7.0 infotainment system** integrates seamlessly through a **12.3-inch touchscreen**, supporting both **Apple CarPlay** and **Android Auto**. In addition, **multi-zone climate control** ensures comfort for every passenger, and the **panoramic sunroof** enhances the driving experience.

Safety and Driver Assistance:

The car is equipped with advanced **driver-assistance systems** such as **adaptive cruise control**, **lane-departure warning**, and **blind-spot monitoring**. The **collision mitigation braking system** ensures that the vehicle remains safe in emergency situations. The **360-degree camera** system makes parking and tight maneuvers safer, and the **pedestrian protection measures** are a testament to Lamborghini's commitment to safety.

Exterior Design:

The **2020 Urus 4.0** features a bold and sporty design that reflects Lamborghini's high-

performance DNA. With its distinct **Blu Eleos exterior colour**, **electric adjustable heated mirrors**, and **full LED adaptive lighting**, the **Urus** stands out wherever it goes. The **M Sport package** includes **19-inch alloy wheels**, **M Sport bumpers**, and **unique side skirts**, all contributing to the vehicle's aggressive and athletic stance. Additionally, the **carbon ceramic brakes** provide high performance and a refined look.
