

Lamborghini Huracan , 2023

Lamborghini Huracán 2023

Safety Equipment: The vehicle is equipped with **driver and passenger airbags, side head and thorax airbags, and side impact bars integrated into the door structure** for enhanced occupant protection. **Electronic Stability Control (ESC) with Lamborghini tuning, ABS, and deformation zones in the front and rear with integrated aluminum alloy bumpers** ensure superior crash protection. **The collapsible steering column** minimizes injury risk in case of a frontal impact. Security features include **an anti-theft alarm, remote central locking (including luggage compartment access), and Autolock functionality** for added safety.

Comfort Equipment: The **automatic dual-zone air conditioning system with an integrated active carbon filter** maintains a comfortable cabin temperature. **An electrochromic interior rear-view mirror** automatically adjusts brightness to reduce glare. **High-quality noise-insulating carpeting** enhances cabin refinement, while **fully integrated steering wheel controls** ensure intuitive access to vehicle functions. Additional conveniences include **door storage compartments, a storage compartment under the front center console, a closed glove compartment, floor mats, and vanity mirrors in the sun visors.**

Interior: The Huracán's interior features a **multifunction steering wheel in smooth leather with a Rosso Alala central mark**, providing excellent grip and a sporty feel. The **roof lining and A-pillars in textile** contribute to the premium cabin ambiance. **The Alcantara multilayer rear wall** adds a touch of exclusivity. **Tone-on-tone stitching and stitching details on the steering wheel** complete the refined look.

Exterior: The **black exterior color** emphasizes the aggressive and bold design of the Huracán. The car rides on **19-inch Cerere Casted Silver alloy wheels**, fitted with **Bridgestone Dueler tires (235/40 R19 front, 285/40 R19 rear)** for exceptional traction. The **lightweight aluminum body and hybrid chassis construction combining aluminum and carbon fiber** contribute to improved handling and performance. The **matte black-painted exterior parts, chrome Lamborghini logo on the rear, side door sticker, and tailpipes in matte grey** enhance its dynamic styling. **Roof rails and side mirrors in shiny black (added extras)** add a premium touch.

Performance: The **double wishbone independent suspension and magneto-rheological adaptive suspension** provide outstanding road-holding capability and driving dynamics. **Carbon-ceramic brake discs with internal ventilation and cross-drilling** ensure excellent braking performance, complemented by **silver carbon-ceramic brake calipers**. **Electromechanical power steering** delivers precise handling and responsiveness.

Technology and Multimedia: The Huracán features a **Lamborghini Touch-Screen Infotainment System with an 8.4-inch portrait-oriented display** for seamless access to entertainment and navigation. The **Full 12.3-inch TFT color display instrument cluster with adaptive visualization** presents all critical driving information. Connectivity features include **Bluetooth hands-free preparation, DAB digital radio, multi-media interfaces including USB, and a four-speaker audio system (2 woofers and 2 tweeters)**.

Driver Assistance Systems: The **Driving Dynamics Mode Selector on the steering wheel** allows for easy switching between **STRADA, SPORT, and CORSA driving modes**. **Front and rear parking sensors, cruise control, and an onboard trip computer** improve maneuverability and driving comfort. **The TPMS (Tire Pressure Monitoring System)** ensures optimal tire pressure monitoring for enhanced safety.

Lighting: The **Full-LED Lighting Concept** provides superior illumination for night driving and enhances visibility.

Specifications:

ID: FTG-396

Final Price: 340000.00 EUR
