

Lamborghini Urus , 2025

Lamborghini Urus SE - 05/2025

Exterior:

The 2025 **Lamborghini Urus SE** comes in the stunning **Nero Helene metallic** exterior color, paired with **23-inch Galanthus Shiny Black rims** that enhance its bold presence. The vehicle features **matrix LED headlights** for improved visibility and a distinctive look. Additionally, the **black matte exhaust tailpipes** add a personalized touch, while the **yellow brake calipers** stand out against the dark exterior. The **electric panoramic roof** provides an open-air driving experience, and **privacy glass** offers both acoustic and heated insulation for added comfort and security.

Performance and Efficiency:

The **Urus SE** continues to feature Lamborghini's high-performance **4.0L V8 BiTurbo engine**, delivering exceptional horsepower and torque for an exciting driving experience. The addition of **Lamborghini ANIMA with Off-Road Modes** enhances its versatility, allowing the vehicle to handle various terrains with ease. Its robust drivetrain and advanced suspension system ensure a smooth and powerful ride both on and off-road.

Interior and Features:

Inside, the **Urus SE** is designed for ultimate luxury and comfort. The **unicolor leather-Corsa Tex** in **Nero Ade** with contrasting stitching adds an elegant touch to the interior. The **full electric front seats** with **ventilation and massage functions** offer superior comfort for both the driver and passengers. **Performante trim** on the leather seats complements the vehicle's sporty and refined look. The **small interior carbon package** and **black anodized treatment on aluminum inserts** further enhance the cabin's dynamic feel. The **sport heated steering wheel**, featuring a dark chrome bezel and matching marker, ensures a comfortable and stylish driving experience.

Technology and Safety:

The **Urus SE** is equipped with advanced **driver assistance features**, including the **Head-Up Display (HUD)**, which provides key information directly in the driver's line of sight. The vehicle's **Lamborghini ANIMA system** with **Off-Road Modes** ensures exceptional control and adaptability across various driving conditions. **Parking Assistant Package** with **Remote Park Assist** makes parking easier, while the **Bang & Olufsen Advanced 3D Audio System** provides an immersive sound experience,

elevating the overall driving experience.
