

Lamborghini Urus , 2024

Lamborghini Urus S - 09/2024

Exterior:

The 2024 **Lamborghini Urus S** is designed with a bold and aggressive stance, showcasing sculpted lines and dynamic aerodynamics. It features **21-inch alloy wheels** as standard, with the option for **23-inch Taigete Shiny Black wheels**. The vehicle is further enhanced with **carbon fiber accents**, including a painted hood and rear diffuser, and **adaptive LED headlights** with cornering functionality. The **front steel skid plate** and optional **carbon fiber roof** add a distinctive touch to the exterior.

Performance and Efficiency:

Under the hood, the **Urus S** is powered by a **4.0-liter twin-turbocharged V8 engine**, producing **657 horsepower** at 6,000 rpm and **850 Nm** of torque between 2,300 and 4,500 rpm. This engine allows the SUV to accelerate from 0 to 100 km/h in just **3.5 seconds**, with a top speed of **305 km/h**. Paired with an **8-speed automatic transmission** and **permanent all-wheel drive**, the Urus S offers exceptional performance and handling on both city roads and challenging terrains. Its fuel consumption is approximately **14.1 L/100 km**, with CO₂ emissions around **320 g/km**.

Interior and Features:

Inside, the **Urus S** offers a luxurious and refined cabin with **leather upholstery**, **heated and ventilated front seats**, and **12-way power-adjustable seating**. The **Lamborghini Infotainment System III** includes dual touchscreens with haptic feedback, supporting **Apple CarPlay** and **Android Auto**, along with a **Bang & Olufsen 3D audio system** for immersive sound. Additional features include **wireless charging**, **navigation**, and a **head-up display**, all designed to enhance the driving experience.

Technology and Safety:

The **Urus S** is equipped with advanced safety and driver-assistance systems, including **Adaptive Cruise Control**, **Lane Departure Warning**, **Blind Spot Monitoring**, and **Forward Collision Warning**. The vehicle also features **front and rear parking sensors**, a **360° camera system**, and offers multiple driving modes via the **ANIMA Selector**, such as **Strada**, **Sport**, **Corsa**, **Neve**, **Terra**, **Sabbia**, and **EGO**, allowing for a personalized driving experience.
