Lamborghini Urus , 2025

Lamborghini Urus – 03/2025

Safety and Assistance Systems:
This 2025 Lamborghini Urus is equipped with the **Full ADAS Package**, offering advanced driver assistance features for enhanced safety on all road types. The **Parking Assistant Package with Remote Park Assist** adds exceptional ease in tight urban settings, allowing for semi-automated maneuvering. These systems, combined with Lamborghini's active safety technologies, deliver confident, secure driving at every turn.

Performance and Handling:
Built for dynamic performance, the Urus includes **23-inch Ad Personam Pelope alloy wheels in Shiny Black with titanium bolts**, ensuring maximum grip and aggressive styling. The **black brake calipers**, combined with a finely tuned suspension and powerful braking system, support precise handling at high speeds. A **carbon fibre bonnet** and **roof in shiny carbon fibre** not only enhance aesthetics but also reduce weight for better agility.

Comfort and Multimedia:
Inside, the cabin is a showcase of luxury and innovation. The **Bang & Olufsen Advanced 3D Audio System** delivers crystal-clear surround sound, while the **Premium Air Quality System** with ionizer and aromatization maintains a fresh interior atmosphere. A **panoramic roof**, **privacy glass with acoustic and double glazing**, and **ambient lighting** elevate the in-car experience to a new level of refinement.

Interior and Seats:
This Urus features the **Full Electric Front Seats with Ventilation and Massage**, as well as **heated front and rear seats** for year-round comfort. The **Dark Alcantara Package**, **optional stitching**, **seat belts in Giallo Taurus**, and **floor mats with leather piping and double stitching** reflect exquisite attention to detail. The **Big Interior Carbon Package** and **carbon fibre kickplates** add an unmistakable performance-inspired edge, while the **cargo management system** provides everyday practicality.

Exterior:
Finished with the **Full Exterior Carbon Fibre Package**, including rocker covers, side mirrors, and Lamborghini frame details, the vehicle makes a dramatic statement. The

wiper blades with integrated nozzles blend functionality with clean design, and the overall silhouette is complemented by sleek lines, carbon accents, and a commanding presence on the road.

Specifications:

ID: YGS-381
Final Price: 368000.00 EUR
Interior Color: Black
Number of Seats: 5
Steering Side: Right
Condition: New
