Overview
The Land Rover Range Rover P530 SV 07/2023 represents the pinnacle of British luxury, combining powerful V8 performance with exceptional comfort and advanced technology. %READMORE% Finished in elegant Ostuni Pearl White Metallic and featuring the prestigious SV specification, this Range Rover offers refined craftsmanship, commanding presence, and premium equipment, making it an outstanding choice available at our Cyprus car dealership.

Performance and Driving Experience
Under the hood lies a 4.4-liter V8 gasoline engine delivering strong, effortless acceleration. Paired with an 8-speed automatic transmission and intelligent 4WD system, the Range Rover P530 SV ensures smooth highway cruising and confident off-road capability. The advanced air suspension system provides superior ride comfort while maintaining precise control.

Interior and Comfort
The cabin reflects true luxury with high-quality genuine leather seats, electric adjustment, heating, and seat ventilation. Dual-zone climate control, a panoramic glass roof, premium infotainment with navigation and smartphone integration, and electrically deployable side steps enhance everyday practicality and comfort for all occupants.

Safety and Technology
Equipped with Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking, Blind Spot Monitoring with Rear Traffic Alert, 360° camera system, Hill Descent Control, and Adaptive LED headlights. These advanced systems ensure maximum safety, confidence, and convenience in all driving conditions.

Exterior
The refined Ostuni Pearl White Metallic finish highlights the iconic and modern Range Rover design. Large aluminum wheels, sleek LED lighting, panoramic glass roof, and signature SV detailing create a bold yet sophisticated road presence.
