Land Rover Range Rover Evoque S 2.0L P200 4WD - 03/2021

General Overview

The **Land Rover Range Rover Evoque S** is a refined compact luxury SUV that combines elegant design with advanced capability. Finished in **Santorini Black**, it embodies sophistication and practicality for both city driving and off-road adventures.

Performance and Driving Dynamics

Under the hood lies a **2.0-liter turbocharged petrol engine producing 200 horsepower**, paired with an automatic transmission for smooth and responsive performance. The intelligent **4WD system** ensures excellent traction and control across various terrains, delivering the confidence expected from a Land Rover.

Interior and Comfort

Inside, the Evoque offers a premium environment featuring the **TouchPro Duo infotainment system** and a **full LCD digital gauge cluster**, providing a modern and intuitive driving experience. The powered liftgate enhances everyday convenience, while privacy glass adds both comfort and style for passengers.

Technology and Safety

Equipped with advanced safety and assistance features, this model includes **Adaptive Cruise Control, Blind Spot Monitoring, Collision Mitigation, and a Surround Camera system**, ensuring maximum safety and ease during both highway and city driving.

Exterior Design

The Evoque's sleek silhouette is complemented by **LED headlights** and stylish **18-inch genuine aluminum wheels**, underlining its modern and sporty character. Distinctive design elements and the Santorini Black finish emphasize the premium appeal of this iconic compact SUV.
