Overview
The Land Rover Defender D300 First Edition 07/2023 is a premium 8-seat SUV that blends iconic off-road capability with refined comfort and advanced technology. %READMORE% Finished in Carpathian Gray Premium Metallic, this First Edition model features air suspension and a powerful diesel turbo engine, making it equally capable on rugged terrain and long-distance highway journeys.

Performance and Capability
Powered by a 3.0-liter D300 diesel turbo engine paired with an 8-speed automatic transmission, the Defender delivers strong torque and smooth performance. The advanced 4WD system with air suspension ensures excellent ground clearance, stability, and comfort across various driving conditions.

Interior and Comfort
The spacious 3-row cabin accommodates up to 8 passengers and offers premium leather seating. Heated and ventilated front seats, heated rear seats, rear climate control, and a heated steering wheel provide year-round comfort. The panoramic roof enhances the sense of openness and light.

Technology and Safety
Equipped with adaptive cruise control, Lane Keep Assist, collision mitigation braking, Blind Spot Monitoring, and a 360° surround camera system, the Defender ensures confident driving in both urban and off-road environments. The Meridian premium audio system delivers high-quality sound for all occupants.

Exterior
The distinctive Defender design is highlighted by its bold proportions, LED adaptive headlights, factory side steps, and durable aluminum wheels. The Carpathian Gray Premium Metallic finish emphasizes its rugged yet sophisticated character.
