Overview

This Lexus NX 350h from 2025 is an off-road SUV powered by a 2.5-liter hybrid engine. Offered as a non-smoking used car with a mileage of 10,000 km, it represents a sophisticated and efficient option for buyers seeking a premium hybrid SUV.

Driving Performance

The vehicle is equipped with a Floor CVT automatic transmission and a 2WD drivetrain. Powered by a 2500cc hybrid powertrain, this configuration delivers smooth, responsive acceleration and exceptional fuel efficiency for both urban commuting and highway travel.

Interior and Equipment

The interior accommodates five passengers and features synthetic leather seats. Equipped with electric front seats, seat heating and ventilation (air conditioning), a 14-inch factory navigation system, 100V power outlet, and a power tailgate, the cabin offers high-end luxury and everyday practicality.

Technologies and Assistants

Comprehensive safety and driver assistance systems are included, such as Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking (pre-collision safety system), Automatic High Beam, obstacle sensors, and a 360-degree full-width camera system (front, side, back). These technologies ensure enhanced driver confidence and passenger protection.

Exterior

The body is an off-road SUV finished in Sonic Quartz. Its premium exterior is enhanced by a Modellista full aero kit, LED headlights, and stylish aluminum wheels.
