Overview

The Lexus LM500h Version L is a large minivan equipped with a 2400cc hybrid engine and 4WD system. Finished in Graphite Black Glass Flake, it is designed to provide spacious seating for six passengers along with advanced safety and comfort features. %READMORE% This model emphasizes refined travel with a combination of hybrid efficiency, versatile equipment, and enhanced passenger amenities.

Driving Performance

The LM500h is powered by a 2400cc hybrid engine paired with a Floor 6AT transmission with MT mode. The 4WD system ensures stable handling across varied road conditions. The driving character is focused on smooth acceleration, controlled dynamics, and efficiency suitable for long-distance travel.

Interior and Equipment

The cabin accommodates six passengers across three rows. Comfort features include a glass roof for natural light, cold weather specification for climate adaptability, and a Mark Levinson rear entertainment system. Cup holder illumination and a universal step enhance convenience for occupants.

Technologies and Assistants

Key systems include Adaptive Cruise Control, Lane Keep Assist, Parking Assist, Collision Mitigation Braking System, Blind Spot Monitor, and Rear Traffic Monitor. Surround view cameras and multiple airbags contribute to comprehensive safety and driver support.

Exterior

The exterior is finished in Graphite Black Glass Flake, complemented by the Modelista Aero Kit and Signature Chrome Selection. The glass roof adds versatility, while the overall design emphasizes a modern and distinctive minivan profile.
