Overview

The Lexus NX450h+ Version L 05/2025 is a premium plug-in hybrid SUV that combines advanced electrified performance with refined luxury and cutting-edge technology. %READMORE% Finished in Sonic Titanium and equipped with the high-grade Version L package, this one-owner model offers E-Four all-wheel drive, a 14-inch factory multimedia system, and a full suite of comfort and safety features for modern driving.

Plug-in Hybrid Performance

Powered by a 2.5-liter plug-in hybrid system with Lexus E-Four 4WD, the NX450h+ delivers smooth, quiet acceleration and excellent fuel efficiency. The electric driving capability enhances daily usability, while the hybrid system ensures strong overall performance and confident traction.

Interior and Comfort

The Version L trim emphasizes luxury with genuine leather seats, electric adjustment, front and rear seat heating, and seat ventilation. The spacious cabin is complemented by a large 14-inch display, digital inner mirror, built-in ETC 2.0, and front and rear dashcams for added convenience and security.

Safety and Driver Assistance

Equipped with adaptive cruise control, Lane Keep Assist, collision mitigation braking, Blind Spot Monitoring, Parking Assist, and a 360° camera system, the NX450h+ provides comprehensive safety support for city and highway driving.

Exterior

The sophisticated Sonic Titanium finish enhances the NX's bold spindle grille and sharp LED lighting design. Its dynamic SUV stance and premium detailing reflect Lexus' signature balance of elegance and sportiness.
