

Lexus NX , 2024

Lexus NX350h Version L 4WD - 2024

Safety and Assistance Systems:

This hybrid SUV comes equipped with all-wheel drive (4WD) and a comprehensive suite of modern safety features, including an anti-lock braking system (ABS), multiple airbags, Blind Spot Monitoring (BSM), Parking Support Brake (PKSB), and a Head-Up Display (HUD) for enhanced driver awareness. Front and rear dash cameras provide added safety and monitoring during travel.

Comfort and Multimedia:

The NX350h features a premium 14-inch display audio system with built-in TV functionality and navigation. Comfort is enhanced with hands-free power tailgate access, automatic climate control (AC), power windows (PW), and a high-quality sound system. A 100V/100W power outlet adds practicality for modern lifestyles.

Interior and Seats:

The cabin is appointed in luxurious hazel leather, with electrically adjustable rear seats for added passenger comfort. The interior layout is spacious and thoughtfully designed for both everyday use and long-distance travel. A user's manual and warranty documentation are included.

Exterior:

Finished in an elegant Silver (Color No. 1J7), the NX350h has a refined yet bold appearance. Stylish alloy wheels (AW) and signature Lexus triple-beam LED headlights (3-eye LED) give the SUV a distinctive and upscale look.
