

Lotus Emira , 2024

Lotus Emira 2.0 AMT First Edition - 05/2024

General Overview:

The 2024 Lotus Emira 2.0 First Edition is a bold expression of modern British sports car design, delivering a perfect blend of performance, craftsmanship, and cutting-edge technology. Finished in an elegant Grey exterior with 20-inch ultra-lightweight V-spoke forged alloy wheels and distinctive Emira First Edition badging, this model stands out with aggressive yet refined styling. Aero-flush door handles, a titanium exhaust finisher, and the Lotus Design Pack add exclusivity and aerodynamic flair to the vehicle's overall profile.

Performance and Handling:

Under the sleek bodywork lies a precision-engineered **2.0-liter** turbocharged four-cylinder engine with **365 horsepower**, tuned for responsive delivery and paired with Lotus' bespoke suspension setup. The Lotus Drivers Pack and hydraulic power-assisted steering ensure an authentic and immersive driving experience, with selectable drive modes offering tailored performance for different conditions. The artificial exhaust sound generation adds emotional engagement, especially during spirited driving.

Interior and Features:

The interior showcases a focus on driver engagement and comfort, highlighted by the **Black Alcantara steering wheel with red TDC and stitching** (added extra), 12-way adjustable sports seats with memory function, and premium materials throughout. The KEF premium audio system delivers crystal-clear sound, complemented by a 10.25-inch touchscreen infotainment display, 12.3-inch digital instrument cluster, and wireless Apple CarPlay/Android Auto. Ambient white mood lighting, single-zone climate control, heated seats, and keyless start elevate the everyday usability of this performance machine.

Technology and Assistance Systems:

The Emira 2.0 First Edition is equipped with essential driver aids including cruise control, rear parking sensors, voice control, and a tire pressure monitoring system (TPMS). Satellite navigation and voice recognition ensure effortless connectivity, while the illuminated vanity mirrors and welcome home lighting add a subtle touch of luxury.

Safety and Construction:

Safety features include ABS, electronic brake assist (EBA), electric parking brake, and dual front airbags. The Lotus Emira's chassis is engineered for strength and agility,

staying true to the brand's core principle of "adding lightness" while delivering confidence-inspiring dynamics.
