

Mazda CX-80 , 2025

Mazda CX-80 2.5 PHEV - 01/2025

Exterior:

This stunning **Mazda CX-80 Plug-in Hybrid (PHEV)** comes in the elegant **Melting Copper** color with an added **black Nappa leather interior**. The exterior features Mazda's signature Kodo design, piano black and dark chrome details, gloss black mirrors, body-colored bumpers and mouldings, 20" alloy wheels, and a **panoramic electric sunroof** for a luxurious, dynamic look.

Performance:

Powered by a **2.5-liter petrol engine paired with a plug-in hybrid system**, delivering strong performance with excellent efficiency. Equipped with **Mi-Drive modes (Normal, Sport, Off-road, Towing, EV)** and a **7.2kW on-board charger**, with both Type-2 charging cables included. It also offers **remote pre-heating and cooling** for convenience.

Interior and Comfort:

The cabin is appointed with premium **black Nappa leather seats**, ambient lighting, Cordovan-style dashboard and door trims, and a black headliner. Features include a **heated leather steering wheel**, paddle shifters, a frameless auto-dimming mirror, power adjustable and memory seats, three-zone climate control, and a spacious layout with a second-row bench and rear air vents. Practical touches include a large illuminated storage area, glovebox, sunglasses holder, and a power liftgate with hands-free function.

Audio and Technology:

Equipped with a **12.3" center display with Mazda Connect, 12.3" TFT driver display**, navigation with European maps, Bose premium surround sound system with 12 speakers, full smartphone integration (Apple CarPlay/Android Auto, wireless), Bluetooth, DAB radio, and multiple USB-C outlets front and rear.

Driver Assistance and Safety:

Packed with advanced safety and driver-assist technologies, including:

- Blind spot assist and monitoring with rear cross-traffic alert
- 360-view camera, front & rear parking sensors
- Lane keep assist, emergency lane keeping, intelligent speed assist, and traffic sign recognition
- DSC, hill descent and launch control, and smart city brake support

— Windscreen-projected color head-up display

Mileage & Charging:

As a PHEV, it features a **7.2 kW on-board charger**, Type-2 charging cables, and offers electric-only driving as well as hybrid modes.
