

Mazda CX-8 , 2022

Mazda CX-8 25S Smart Edition 6-Seater - 06/2022

Exterior

This **CX-8** is finished in a refined **Gray** color, which emphasizes the SUV's elegant and premium character. The **5-door body** design offers practicality and style, while the Smart Edition trim adds modern details that enhance the sophisticated look.

Performance and Driving Dynamics

Powered by a **2.5-liter gasoline engine** delivering around **190 horsepower**, this CX-8 comes with a smooth **automatic transmission** and **front-wheel drive (2WD)**. The setup provides a well-balanced ride, combining efficiency, stability, and comfort for both city use and longer trips.

Interior and Comfort

This version is configured as a **6-seater**, featuring **captain's chairs in the second row**, which enhance comfort and create a more premium cabin layout. Spacious seating, smart ergonomics, and **rear air conditioning** ensure comfort for all passengers, making it a versatile choice for families.

Technology and Safety

The Smart Edition is equipped with modern Mazda technology including **parking sensors**, driver-assistance systems, **keyless entry**, infotainment features, and airbags for safety. These systems provide both convenience and peace of mind on every journey.
