

Mazda Mazda2 , 2023

Mazda 2 1.5 15S 4WD - 2023

General Overview

The **2023 Mazda 2 1.5 15S 4WD** is a compact hatchback that perfectly blends reliability, efficiency, and confident all-wheel-drive capability. The car has already arrived in Cyprus and is ready for use. With its sleek design, dynamic proportions, and ergonomic interior layout, it's ideal for both city and suburban driving, offering comfort, stability, and safety in all conditions.

Performance and Drivetrain

Under the hood, it features a **1.5-liter petrol engine** producing **110 horsepower** and **142 Nm of torque at 3500 rpm**, paired with a **6-speed automatic transmission**. The average fuel consumption is around **5.5 L/100 km**, making it both efficient and practical for everyday use. Mazda's **i-ACTIV AWD** system uses an active torque control coupling on the rear axle — it primarily drives the front wheels, engaging the rear wheels only when needed, such as during acceleration, slip, or loss of traction, ensuring optimal grip and handling on any road.

Interior and Features

Inside, the Mazda 2 offers a clean, functional design with attention to comfort and quality. Features include **height-adjustable seats**, a **multifunction steering wheel**, **engine start/stop button**, **8-inch color display** with **Apple CarPlay** and **Android Auto**, **6 speakers**, **rear-view camera**, and **parking sensors**. Despite its compact dimensions (4065 × 1695 × 1525 mm), the cabin provides ample space for five passengers, complemented by refined materials and a premium feel throughout.

Safety and Technology

The Mazda 2 comes equipped with a full suite of advanced safety systems, including **ABS**, **EBD**, **BAS**, **ESP**, **Traction Control (TCS)**, **Hill Start Assist (HAC)**, **Blind Spot Monitoring (BSM)**, **Lane Keep Assist (LKA)**, **Smart Brake Support (SBS)**, and **High Beam Assist**. LED headlights, rain sensors, heated mirrors, and reinforced body construction further enhance visibility, comfort, and protection on the road.
