Mazda CX-3 1.5 15S Touring - 01/2024

General Overview:

The 2024 Mazda CX-3 1.5 15S Touring, finished in elegant **Platinum Quartz Metallic**, is a stylish and well-equipped subcompact crossover that delivers comfort, efficiency, and modern technology in a compact and maneuverable package. Designed for both urban and light touring use, this model offers a refined look with practical functionality.

Performance and Efficiency:

Under the hood is a **1.5-liter** 4-cylinder petrol engine producing **111 horsepower**, mated to a smooth automatic transmission. The 2WD (front-wheel-drive) layout contributes to fuel efficiency and responsive handling, making the CX-3 well-suited for daily commuting and longer drives alike. The car strikes a strong balance between performance and economical fuel consumption.

Interior and Features:

The interior is smartly laid out and finished with quality materials. This Touring model comes equipped with a factory-installed navigation system that supports CD/DVD playback, Bluetooth connectivity, and Full-Seg terrestrial digital TV. Additional features include keyless entry, push-button start, climate control, and multi-function steering wheel. The infotainment system is intuitive and user-friendly, ensuring enjoyable travel experiences.

Safety and Assistance Systems:

The CX-3 includes essential safety features such as dual front airbags, ABS, stability control, and Mazda's i-Activsense suite, which may include lane departure warning, emergency braking, and blind spot monitoring depending on specification. A rearview camera and parking sensors enhance ease of maneuvering.

Exterior Design:

The CX-3's bold KODO design is highlighted by the Platinum Quartz Metallic finish, giving it a premium and contemporary appearance. LED headlights, 16-inch alloy wheels, and sculpted body lines complete the sophisticated and dynamic styling. Its compact size ensures easy city parking without compromising visual appeal or practicality.
