Overview
The **Mercedes-Benz EQA 250+ AMG Line 04/2025** is a fully electric premium SUV that combines dynamic AMG styling with advanced EV efficiency and cutting-edge technology. %READMORE% Finished in exclusive Mountain Grey Magno (Matte), this EQA delivers a refined, silent driving experience with modern comfort and comprehensive safety systems.

Performance and Electric Drive
The EQA 250+ is powered by a high-efficiency electric motor delivering smooth and instant torque. Its quiet acceleration and seamless automatic transmission provide a refined urban and highway driving experience. As a 2WD electric SUV, it ensures balanced handling and impressive energy efficiency.

Interior and Comfort
The cabin offers a premium atmosphere with power seats featuring memory function and heated front seats for enhanced comfort. Dual-zone climate control, wireless charging, and advanced connectivity features create a modern and convenient environment for daily use.

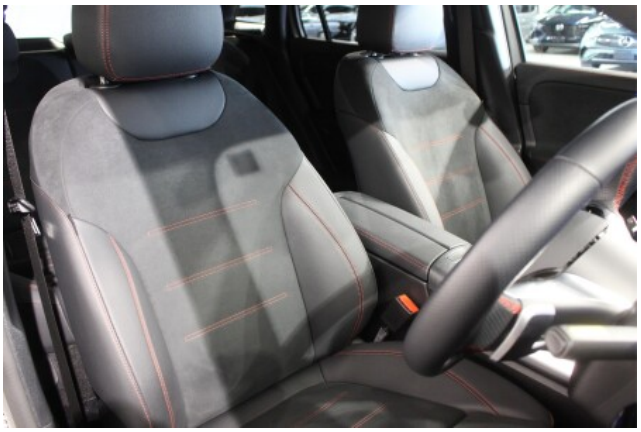

Technology and Safety
Equipped with Adaptive Cruise Control, Lane Keep Assist, Blind Spot Monitoring, and Collision Mitigation Braking, the EQA ensures high levels of active safety. The 360-degree camera and parking assist simplify maneuvering, while the digital infotainment system supports Apple CarPlay and Android Auto.

Exterior
The AMG Line styling package enhances the sporty appearance with distinctive bumpers and genuine 20-inch AMG alloy wheels. The matte Mountain Grey Magno finish gives the vehicle an exclusive and contemporary presence on the road.
