

Mercedes GLS-class , 2024

Mercedes-Benz GLS BRABUS 2024

Performance and Engineering: Equipped with the **BRABUS PowerXtra B40S-800** performance upgrade, this GLS delivers exceptional power and responsiveness. The **BRABUS BoostXtra Valve** enhances turbo performance, while the **BRABUS Valve-Controlled Sport Exhaust** provides a deep, aggressive sound. The **BRABUS Branded Brake System** ensures superior stopping power, making this SUV both powerful and secure on the road.

Exterior: This GLS comes in a **Grey exterior color** and features a striking **BRABUS Carbon Styling Package** that includes a **Carbon Front Spoiler, Carbon Front Bumper Add-Ons, Carbon Grille Inserts, Carbon Rear Diffuser with Sport Design Tips, and Carbon Wheel Arches**. The **BRABUS Rear Spoiler** enhances aerodynamics, while the **BRABUS Illuminated Radiator Grille Logo** adds a touch of exclusivity. It rides on **BRABUS Monoblock M 24" Forged Alloy Wheels**, ensuring a commanding presence.

Interior and Comfort: The interior is upgraded with **BRABUS Entrance Panels with RYB lighting, BRABUS Matt Anodised Pedal Pads**, and premium finishing details from the **BRABUS Branding Package**. These enhancements reflect a unique combination of luxury and high-performance aesthetics.

Suspension and Handling: The **BRABUS SportXtra Lowering Module** optimizes ride height for improved handling and agility, ensuring a dynamic driving experience without compromising comfort.

Exclusivity and Branding: This GLS 2024 is a true BRABUS masterpiece, incorporating **BRABUS Carbon Fibre Engine Cover** and distinctive **BRABUS badging** throughout, emphasizing its high-performance character.
