Mercedes-AMG GLC 43 4MATIC – 10/2022

General Overview
The **Mercedes-AMG GLC 43 4MATIC** is a luxury performance SUV that combines AMG sportiness with refined everyday comfort. In **Obsidian Black Metallic**, the model stands out with its dynamic proportions and **AMG Night Package**, which emphasizes a bold and athletic look.

Performance and Driving Dynamics
Powered by a **3.0-liter V6 twin-turbo petrol engine delivering 390 horsepower**, paired with the **4MATIC all-wheel-drive system**, this GLC offers thrilling acceleration and exceptional grip on any surface. The **AMG Dynamic Select system** allows drivers to switch between multiple driving modes, enhancing responsiveness and adaptability. The **Air Balance Package** and AMG-tuned suspension further refine the balance of sportiness and ride comfort.

Interior and Comfort
The cabin is finished with **premium black leatherette**, accented by **power-adjustable ventilated seats** that ensure comfort in all conditions. The **panoramic sunroof** brings a bright, airy feel to the interior, while the **Head-Up Display (HUD)** keeps important driving data in clear view. The latest **MBUX infotainment system** integrates **Apple CarPlay and Android Auto**, along with navigation, Bluetooth, and voice control, creating a connected and modern driving environment.

Technology and Safety
Equipped with **Radar Safety Package**, **360-degree camera**, **Parking Assist (PTS)**, and advanced driver assistance systems, the GLC 43 offers confidence in every journey. Features such as **adaptive cruise control, collision mitigation braking, lane-keep assist, blind spot monitoring, and automatic high beam** ensure both safety and convenience.

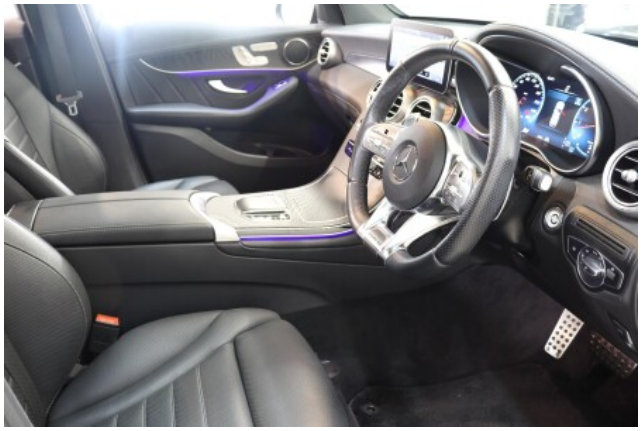

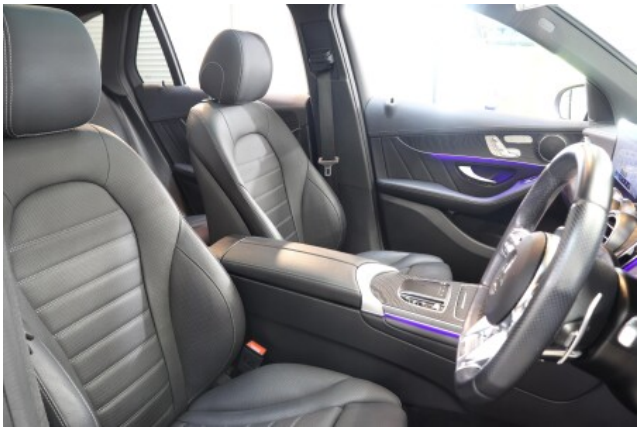

Exterior Design
The AMG styling is underlined by **20-inch AMG alloy wheels**, sporty **AMG aero parts**, and distinctive **side and rear bumper design**. **LED adaptive headlights** provide outstanding illumination, while the **electric rear gate** adds practicality to its sporty profile. The coupe-inspired silhouette further enhances the SUV’s dynamic stance.
