

Mercedes G-class , 2021

Mercedes-Benz G-Class G400d AMG Line Diesel Turbo 4WD Luxury Package - 06/2021

General Overview

The **Mercedes-Benz G400d AMG Line** in **Jupiter Red** stands as an icon of luxury and off-road power, combining timeless design with modern technology. As part of the **Luxury Package**, this model offers enhanced comfort, refined detailing, and the unmistakable presence that defines the G-Class. The bold exterior lines and AMG styling give it a commanding look, while the deep red color adds an exclusive and elegant contrast to its rugged form.

Performance and Driving Dynamics

Under the hood lies a **3.0-liter inline-six turbo diesel engine**, producing **330 horsepower** and **700 Nm of torque**, delivering effortless acceleration and immense pulling power. Paired with a **9G-Tronic automatic transmission** and **4MATIC all-wheel-drive system**, the G400d ensures superior traction and control on any terrain. The **Adaptive Damping System** and advanced suspension settings allow for a perfect balance between dynamic handling on roads and outstanding comfort off the beaten path.

Interior and Comfort

Inside, the cabin embodies **craftsmanship and luxury** in true Mercedes-Benz fashion. The **Luxury Package** adds refined materials, **genuine leather seats**, **heated and power-adjustable seating**, and **dual-zone automatic climate control**. The **Digital Cockpit** with widescreen display integrates seamlessly with **Display Audio (Apple CarPlay, Android Auto)**, while the **adaptive ambient lighting** and **sunroof** enhance the interior atmosphere. Every surface and control is designed for a premium tactile experience, blending functionality with elegance.

Technology and Safety

The G400d AMG Line comes equipped with a full suite of advanced driver-assistance systems, including **Collision Mitigation Braking**, **Adaptive Cruise Control**, **Lane Keep Assist**, **Blind Spot Monitoring**, and a **360° all-around camera**. **LED adaptive headlights**, **obstacle sensors**, and **parking assist** ensure maximum safety and visibility in any condition. The solid construction of the G-Class provides unmatched durability, reinforcing its reputation as one of the most capable and luxurious SUVs in the world.
