Overview
The Mercedes-Benz E-Class AMG E 53 AT Hybrid 4MATIC Advanced Plus 04/2025 is a high-performance plug-in hybrid wagon that blends AMG power with everyday practicality. %READMORE% Finished in striking Patagonia Red, this E 53 4MATIC features a 3.0-liter hybrid powertrain, premium carbon fiber detailing, and advanced technology packages, making it an exceptional luxury performance vehicle available through our car dealership in Cyprus.

Driving Performance
The 3.0L hybrid powertrain delivers strong acceleration with improved efficiency, while the AMG-tuned suspension and 4MATIC all-wheel-drive system provide outstanding grip and dynamic handling. The 9-speed automatic transmission ensures smooth and responsive gear changes for both city driving and high-speed cruising.

Interior and Comfort
The cabin offers an exclusive atmosphere with AMG Performance leather seats in Patagonia Red and carbon fiber interior trim. Independent rear climate control, panoramic sunroof, advanced infotainment with navigation, and Burmester 4D surround sound create a first-class travel experience for all passengers.

Safety and Technology
Equipped with Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking,

Advanced Parking Package, 360° camera system, Blind Spot Monitoring, and Adaptive LED headlights. These systems enhance safety, comfort, and confidence in every journey.

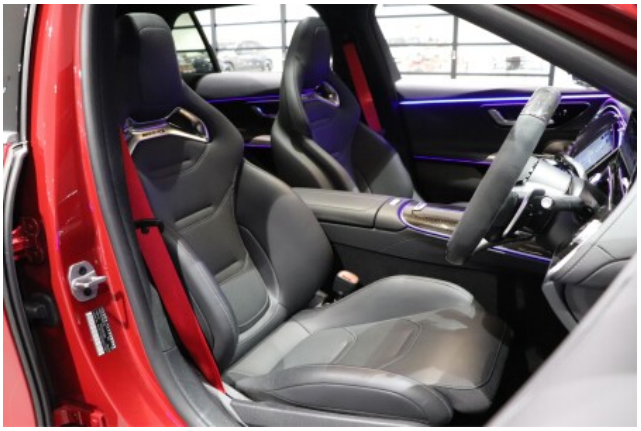

Exterior
The Patagonia Red exterior highlights the sporty AMG styling and aerodynamic design. Aluminum wheels, roof rails, and distinctive AMG details give this E-Class Wagon a bold, premium, and performance-oriented presence on the road.
