Mercedes-Benz GLE 450 4Matic Sport - 09/2023

General Overview

The **Mercedes-Benz GLE 450 4Matic Sport (ISG model)** represents the pinnacle of modern SUV luxury, blending performance, technology, and refinement. Finished in the elegant **Obsidian Black Metallic** with a **premium black leather interior**, this GLE is equipped with the **Radar Safety Package (RSP)** and comes with a **2-year warranty**, ensuring both safety and peace of mind. The AMG aero styling, 20-inch AMG alloy wheels, and panoramic sunroof underscore its commanding presence and sophistication.

Performance and Driving Dynamics

Under the hood, the GLE 450 is powered by a **3.0-liter inline-6 turbocharged engine with ISG mild-hybrid technology**, delivering **367 horsepower plus EQ Boost** for additional performance. The **4Matic all-wheel-drive system** ensures outstanding traction and control across all driving conditions, while **air suspension** and **Dynamic Select** modes provide adaptive ride comfort and sporty precision. Combined with ABS, adaptive cruise control, lane-keep assist, and collision mitigation braking, this SUV delivers both exhilarating performance and advanced safety.

Exterior Design

The AMG styling package gives the GLE 450 a bold and athletic look. Its features include **LED adaptive headlights, AMG aero kit, 20-inch AMG alloy wheels, roof rails, and a fully painted body finish**. The **panoramic sunroof** enhances the exterior's premium appeal, while details like the electric rear gate with hands-free access bring everyday practicality.

Interior and Comfort

Inside, the cabin exudes modern luxury with **black genuine leather seats** offering **electric adjustment, seat heating, and ventilation**. The **64-color ambient lighting system** creates a customizable atmosphere, while the **head-up display** ensures key driving information is always within view. The multifunction steering wheel, Smart Key, and power features enhance convenience and sophistication throughout the interior.

Technology and Safety

The GLE 450 is loaded with cutting-edge features: **MBUX navigation system with TV function, Burmester surround sound system, 360-degree camera, and**

Parking Assist (PTS). Safety is assured with multiple airbags, blind-spot monitoring, all-around cameras, obstacle sensors, and anti-theft devices. Together, these advanced systems provide ultimate comfort, entertainment, and peace of mind for every journey.
