Mercedes-Benz EQC 400 4MATIC AMG Line - 12/2020

General Overview:

The Mercedes-Benz EQC 400 AMG Line is a premium all-electric SUV that blends dynamic styling, high-performance electric mobility, and luxury comfort. Finished in elegant white and equipped with 20-inch AMG multi-spoke alloy wheels in black with high-sheen finish, the EQC commands presence on the road. The AMG-specific design elements, including the rear apron, black panel grille, and high-gloss detailing, give the SUV a sporty and exclusive look.

Performance and Efficiency:

The EQC is powered by dual electric motors producing a combined output of **408 horsepower** (300 kW) and 760 Nm of torque, delivering instant acceleration and smooth power delivery. The 11kW on-board charger and 110kW DC fast-charging capability support flexible charging options, with the ability to charge from 10% to 80% in around 40 minutes at rapid chargers. Comfort suspension with self-leveling rear air suspension ensures a refined and composed ride in all driving conditions.

Interior and Features:

The cabin offers a premium experience with AMG sports seats in leather, a black fabric roof lining, and ambient lighting. A dual 10.25-inch MBUX infotainment system includes a digital instrument cluster and touchscreen media display with navigation, DAB radio, Mercedes-Benz sound system, and connectivity features like Mercedes Me Connect, vehicle monitoring, and setup services. Heated front seats, EASY-PACK powered tailgate, and the KEYLESS-GO Comfort Package enhance daily usability. The interior trim in anthracite carbon-fiber look and AMG floor mats add to the performance-themed ambiance.

Technology and Driver Assistance:

Driver assistance features include Active Lane Departure Warning, Blind Spot Assist, Cruise Control, Dynamic Select driving modes, and the Parking Package with PARKTRONIC and rear camera. MULTIBEAM LED headlights ensure optimal visibility, while the URBAN GUARD vehicle protection system and Active Brake Assist elevate security and peace of mind.
