Mercedes E-class , 2024

Mercedes-Benz E-Class All-Terrain E220 d 4Matic Exclusive – 10/2024

General Overview
The **Mercedes-Benz E220 d 4Matic All-Terrain Exclusive Package** is a refined luxury estate that combines SUV versatility with the sophistication of the E-Class. Produced in **10/2024**, this model blends long-distance efficiency with rugged practicality, offering an ideal solution for drivers who want both premium comfort and the ability to tackle varied road conditions. Finished with the **Exclusive leather interior package**, it represents elegance, utility, and modern design.

Performance and Driving Dynamics
This All-Terrain is powered by a **2.0-liter turbocharged diesel engine**, delivering **194 horsepower** and strong torque for both city driving and highway cruising. Paired with an automatic transmission and **4Matic all-wheel-drive system**, it ensures confidence and control across different terrains. Features such as **air suspension, adaptive cruise control, lane keep assist, ABS, parking assist, obstacle detection, and collision mitigation braking** enhance stability, comfort, and safety in every journey.

Exterior Design
The estate body style of the All-Terrain is elevated with **protective cladding, roof rails, adaptive LED headlights, premium aluminum wheels, and aerodynamic design details**. With increased ground clearance and distinctive SUV-inspired styling cues, it offers a commanding road presence while retaining the elegance of the E-Class.

Interior and Comfort
Inside, the **Exclusive Leather Package** provides a luxurious environment with **genuine leather seats, power-adjustable seating, Smart Key system, and multifunction steering wheel**. The spacious cabin offers versatility and refinement, while advanced ergonomics ensure comfort for long-distance travel.

Technology and Safety
This model is equipped with a wide range of modern Mercedes-Benz technologies, including **HDD navigation, Display Audio with Apple CarPlay/Android Auto, dashcam, all-around cameras, blind spot monitoring, and anti-theft devices**. Safety is further enhanced with **multiple airbags, automatic high beam assist, and stability systems**, while convenience features like climate control and

infotainment integration make every journey both secure and enjoyable.
