Overview

The Mercedes-Benz EQS 450+ Edition 1 02/2024 is a rare and highly exclusive electric flagship, limited to just 30 units in Japan. %READMORE% Combining futuristic MBUX Hyperscreen technology, AMG styling, and first-class comfort, this Edition 1 model represents the ultimate expression of Mercedes-Benz electric luxury.

Performance & Electric Technology

The rear-wheel-drive electric powertrain delivers instant torque, seamless acceleration, and exceptionally quiet operation. Equipped with a heat pump system and advanced battery management, the EQS ensures optimized efficiency and extended driving range in various conditions.

Interior & Comfort

The cabin is defined by the impressive MBUX Hyperscreen spanning the dashboard, complemented by rear entertainment displays and an AR Head-Up Display. Genuine leather seats with heating and ventilation, air suspension, panoramic sliding roof, and the Air Balance Package create a refined executive-class atmosphere.

Technology & Safety

Advanced driver assistance systems include adaptive cruise control, lane keep assist, collision mitigation braking, blind spot monitoring, rear traffic alert, and a 360-degree camera. The Burmester sound system and cutting-edge infotainment deliver an immersive digital experience for all occupants.

Exterior

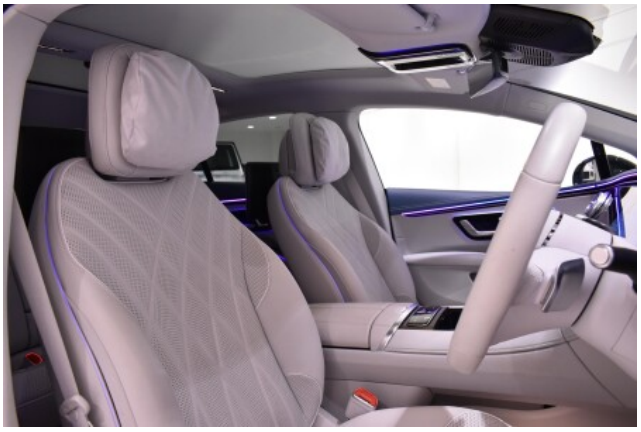

The Edition 1 features AMG Line exterior styling, distinctive 21-inch AMG alloy wheels, aerodynamic accents, and a striking High-tech Silver / Obsidian Black two-tone finish, emphasizing its exclusivity and modern design language.
