Mercedes GLE-class , 2022

Mercedes-Benz GLE 400d 4Matic Sport – 03/2022

General Overview
The Mercedes-Benz GLE 400d 4Matic Sport is a premium SUV that combines German engineering, luxury, and robust performance. This particular example is a 2022 model with a mileage of **42,800 km**, offering space for **7 passengers** and finished in **Brilliant Blue** with a refined leather interior.

Performance and Driving Dynamics
Powered by a **2.9-liter inline-6 turbocharged diesel engine**, the GLE 400d delivers **330 horsepower and 700 Nm of torque**, ensuring powerful acceleration and long-distance efficiency. The **4Matic all-wheel-drive system** provides stability and confidence in all conditions, while advanced safety features such as ABS, stability systems, and driver-assist technology enhance control.

Exterior Design
The GLE Sport trim features a bold design with AMG-inspired details, LED headlights, alloy wheels, roof rails, and a commanding road presence. The **Brilliant Blue** paint highlights its muscular lines, while aerodynamic elements and chrome details emphasize its luxury character.

Interior and Comfort
Inside, the cabin offers a premium leather interior with seating for **7 passengers**, making it versatile for families and long journeys. The multifunction steering wheel, Smart Key, advanced infotainment system, and spacious layout reflect Mercedes-Benz’s dedication to luxury and functionality.

Technology and Safety
This GLE comes equipped with modern driver-assistance systems including parking sensors, multiple airbags, navigation, TV function, and advanced obstacle detection. The safety rating is further reinforced by blind-spot monitoring, cameras, and anti-theft devices.
