Mercedes-AMG E 53 Hybrid 4MATIC+ - 02/2025

Exterior:

The 2025 Mercedes-AMG E 53 Hybrid 4MATIC+ presents a dynamic and refined exterior with signature AMG design cues. It features the vertical-slat AMG Panamericana grille, sculpted bumpers, enlarged air intakes, and 20-inch AMG alloy wheels. The coupe-like silhouette, flared wheel arches, and subtle hybrid badging complete the modern sporty look. Dimensions are approximately **4.95 meters** in length, **1.91 meters** in width, and **1.47 meters** in height, delivering a balanced stance on the road.

Performance and Efficiency:

This plug-in hybrid model pairs a **3.0-liter turbocharged inline-6 engine** with a **permanently excited synchronous electric motor**, producing a combined output of **577 horsepower (430 kW)** and **750 Nm** of torque. With the aid of a **21.2 kWh usable battery**, the E 53 can drive **up to 69 km** (42 miles) purely on electricity. The vehicle accelerates from **0 to 100 km/h in around 4.0 seconds**. It also supports **DC fast charging at up to 60 kW**, enabling a 10-80% charge in about **20 minutes**, or full AC charging in around **2.75 hours**.

Interior and Features:

The interior showcases AMG-exclusive detailing and technology. Standard features include **AMG sports seats** with contrast stitching, **Nappa leather upholstery**, and **MBUX infotainment** with two high-resolution 12.3-inch displays. The system offers **Apple CarPlay, Android Auto, augmented reality navigation**, and voice control. A **Burmester® surround sound system**, ambient lighting, and a panoramic sunroof further enhance the luxury experience.
