Overview

The **Mercedes-Benz EQE 53 4MATIC+ 11/2024** represents the high-performance electric future of AMG. Combining advanced electric technology with signature AMG dynamics, this luxury sport sedan delivers powerful acceleration, refined comfort, and cutting-edge digital innovation in a sleek High-Tech Silver Metallic finish.

Performance and Electric Power

Equipped with AMG-enhanced dual electric motors and the intelligent 4MATIC+ all-wheel-drive system, the EQE 53 offers instant torque and remarkable stability in all driving conditions. The adaptive air suspension ensures a smooth yet sporty ride, while multiple driving modes allow you to tailor performance characteristics to your preference.

Interior and Comfort

The cabin features the Digital Interior Package and Exclusive Package, creating a premium lounge-like atmosphere. High-quality genuine leather seats with heating and ventilation provide year-round comfort. The panoramic sliding roof enhances the sense of space, while the Burmester surround sound system delivers immersive audio quality.

Technology and Safety

The MBUX system with Head-Up Display offers intuitive control and seamless connectivity. Advanced driver assistance systems, including Adaptive Cruise Control, Lane Keep Assist, Blind Spot Monitoring, and Collision Mitigation Braking, enhance

safety and confidence on every journey. The 360° camera system supports effortless parking and maneuvering.

Exterior

Finished in elegant High-Tech Silver Metallic, the EQE 53 features aerodynamic AMG styling and distinctive alloy wheels. Its smooth lines and modern LED lighting signature highlight its electric performance identity.
