Overview
The Mercedes-Benz S 450d 4MATIC AMG Line 03/2024 represents the pinnacle of luxury, technology, and refined diesel performance. %READMORE% Finished in elegant Obsidian Black and equipped with premium AMG Line and Exclusive packages, this flagship sedan delivers executive comfort combined with advanced hybrid efficiency and intelligent 4MATIC all-wheel drive — now available at our Cyprus car dealership.

Performance and Efficiency
Powered by a 3.0-liter turbocharged diesel engine with mild-hybrid technology (ISG), the S 450d produces strong torque and exceptionally smooth acceleration. The 9-speed automatic transmission ensures seamless gear changes, while 4MATIC all-wheel drive enhances stability and traction in all road conditions. Air suspension (AIRMATIC) guarantees a refined and composed ride at any speed.

Interior and Technology
The cabin sets new standards with the MBUX system, 3D digital cockpit, and augmented reality head-up display. Heated and ventilated genuine leather seats provide maximum comfort for all passengers. The Burmester 3D surround sound system creates a concert-level audio experience, while ambient lighting enhances the luxurious atmosphere.

Safety and Driver Assistance
This S-Class is equipped with comprehensive safety technologies including adaptive cruise control, Lane Keep Assist, collision mitigation braking, blind spot monitoring,

rear traffic alert, 360° camera, and parking assist. Digital Light adaptive LED headlights provide exceptional visibility and precision lighting.

Exterior
The AMG Line styling adds a dynamic edge with sport-inspired bumpers and aluminum wheels, while the Obsidian Black finish emphasizes the vehicle’s elegant and commanding presence. The panoramic sunroof further enhances both exterior appeal and interior ambiance.
