MINI Countryman Cooper D - 01/2024

Overview:

The MINI Countryman Cooper D is a compact crossover that blends iconic MINI design with practicality and everyday usability. With its bold styling, including the signature grille and LED lighting, this model offers a perfect balance between urban flair and long-distance comfort. The spacious cabin and flexible cargo space make it a great choice for both city life and weekend adventures.

Performance and Efficiency:

Powering the Cooper D is a **2.0-liter** four-cylinder turbocharged diesel engine producing **150 horsepower** and 360 Nm of torque. It's mated to an 8-speed automatic transmission, delivering smooth power delivery and excellent fuel efficiency. The front-wheel-drive setup provides stable handling, while average fuel consumption is an economical 4.6–4.9 liters per 100 kilometers, with a top speed of 208 km/h.

Interior and Features:

Inside, the Countryman offers a stylish and modern cabin, highlighted by a 9.4-inch circular OLED touchscreen running the latest MINI Operating System 9. The infotainment system includes wireless Apple CarPlay and Android Auto, alongside intuitive controls and voice command. Dual-zone automatic climate control, ambient lighting, and quality materials throughout the cabin ensure a comfortable and connected driving experience.

Safety and Driver Assistance:

The Cooper D includes essential safety features such as multiple airbags, lane departure warning, predictive brake assist, and a rearview camera. Optional advanced systems like adaptive cruise control and parking assist further enhance convenience and confidence on the road.
