MINI Cooper S - 03/2024

General Overview:

The 2024 MINI Cooper S continues the tradition of compact, stylish, and fun-to-drive vehicles with a sporty personality. Its iconic design, finished in an eye-catching two-tone color combination, captures the brand's playful spirit while integrating modern touches that appeal to drivers seeking individuality and excitement.

Performance and Handling:

Powered by a **2.0-liter** turbocharged 4-cylinder petrol engine, the Cooper S delivers dynamic performance with **192 horsepower** and quick throttle response. Paired with a smooth-shifting automatic transmission (FAT), the car offers a balanced mix of everyday usability and sporty handling. Its compact dimensions, sharp steering, and low center of gravity make it exceptionally agile—perfect for city driving or weekend getaways.

Interior and Features:

Inside, the MINI Cooper S combines retro-inspired design with modern technology. The cabin features premium materials, intuitive controls, and the signature circular central display that houses the infotainment system with built-in navigation. Automatic climate control (AAC), power windows (PW), and a multifunction steering wheel enhance daily comfort and usability. With just 6,000 km on the clock, this vehicle remains in excellent condition and includes a maintenance manual.

Safety and Equipment:

Safety features include multiple airbags, anti-lock braking system (ABS), and stability control to ensure a secure ride in all conditions. Alloy wheels (AW), power steering (PS), and responsive brakes contribute to both driving enjoyment and confidence behind the wheel.
