

Mitsubishi Outlander , 2023

Mitsubishi Outlander PHEV 2.4 M 4WD - 04/2023

General Overview

This vehicle is a modern crossover equipped with a **plug-in hybrid system**. The **M grade** offers a solid balance of technology, practicality, and comfort, while maintaining Mitsubishi's recognizable styling. The car is finished in **Black Mica**, giving it a refined and elegant appearance.

Performance and Hybrid Efficiency

The model features a **2.4-liter gasoline engine** paired with twin electric motors. The combined output reaches **248 horsepower** and **450 Nm of torque**, delivering strong performance and impressive fuel economy. The advanced **4WD system** integrates with Mitsubishi's **S-AWC technology**, ensuring excellent grip and stability on all types of roads.

Interior and Features

The cabin provides seating for **5 passengers** with a practical and comfortable layout. Equipment includes **genuine navigation, surround view camera, paddle shifters, ETC system, heated seats, heated steering wheel**, and **full-segment TV compatibility**, ensuring a well-rounded driving experience.

Technology and Safety

This model comes with advanced driver-assistance features, including **adaptive cruise control, forward collision mitigation, and lane departure warning**. The **plug-in hybrid system** allows external charging and manages power distribution seamlessly between the gasoline engine and electric motors, ensuring efficiency and reliability.
