

Mitsubishi Eclipse Cross , 2024

Mitsubishi Eclipse Cross PHEV - 07/2024

Exterior:

The **new white 2024 Mitsubishi Eclipse Cross PHEV** features a modern and dynamic design, with expressive body lines and a distinctive front grille. Its compact size and elevated ground clearance make it ideal for urban use and light off-roading.

Performance and Efficiency:

Under the hood, the Eclipse Cross PHEV is powered by a **2.4L gasoline engine** producing **94 kW (128 hp)**, paired with two electric motors: **60 kW (82 hp)** at the front and **70 kW (95 hp)** at the rear.

The total system output is **188 hp**. The vehicle is equipped with the **Super All-Wheel Control (S-AWC)** system and **GKN Multi-Mode eTransmission**. With a **13.8 kWh lithium-ion battery**, it can travel up to **45 km** on electric power alone (WLTP cycle). The average fuel consumption is **2.1 L/100 km**.

Interior and Features:

Inside, the Eclipse Cross PHEV offers a spacious and comfortable cabin with high-quality materials. It is equipped with an **8-inch multimedia system** that supports **Apple CarPlay** and **Android Auto**, enabling seamless smartphone integration. Additional features include **climate control**, **cruise control**, **heated front seats**, **rearview camera**, and **keyless entry and start**, providing convenience and comfort for both the driver and passengers.

Technology and Safety:

The Eclipse Cross PHEV is equipped with advanced safety systems such as **Adaptive Cruise Control (ACC)**, **Forward Collision Mitigation (FCM)**, **Lane Departure Warning (LDW)**, **Blind Spot Warning (BSW)**, and **Rear Cross Traffic Alert (RCTA)**. These technologies work together to enhance safety and provide confidence on the road.
